## SUMMER Canteen Prices

### Our Aim

We aim to provide healthy lunches & snacks at a reasonable cost, with small healthy indulgence as well.

Our canteen follows the guidelines set down by both the Dept's of Health and Education called **Fresh tastes @ school** NSW healthy school canteen strategy.

We are continuing to trial new ideas all the time to improve the quality & choice offered to our students. We are currently looking at ways to minimise artificial additives, fat & sugar from our menu.

We value feedback from students & their families & welcome suggestions to improve our menu.

Thank you for your continued support of the Canteen.
